Young Minds Abroad – Exclusive Academic & Cultural immersive learning programs to The Netherlands and Japan.

Distinctive Edge

In today's interconnected world, learning goes far beyond the classroom. Study tours offer young minds the chance to engage with global institutions, immerse in new cultures, and witness how knowledge solves real-world challenges. These experiences build confidence, empathy, and leadership qualities that traditional education alone cannot provide.

Our Inspiration

At Globe-Era, we believe in nurturing academic excellence and inspiring life excellence. Our programs are designed to offer safe, enriching, and memorable journeys for students—while reassuring parents and empowering schools to provide world-class exposure.

THE NETHERLANDS

A GLOBAL HUB FOR INNOVATION

Known for its pioneering spirit, the Netherlands combines world-class education with cutting-edge innovation.

Students will explore: -

- TU Delft (Engineering, Architecture, Design)
- Erasmus University Rotterdam (Business & Economics)
- Leiden University (Law, Life Sciences, International Relations)
- Wageningen University & Research (Agriculture, Food, Sustainability)

Beyond academics, students will witness Dutch mastery in water management at the Delta Works, visit heritage sites like Kinderdijk Windmills, and explore world-renowned museums such as the Rijksmuseum and Van Gogh Museum.

The Europe program nurtures innovation, global awareness, and creative problem-solving—skills that shape future leaders.

JAPAN UNPLUGGED

WHERE TRADITION MEETS TECHNOLOGY

Japan offers a unique blend of ancient culture and futuristic innovation.

Students will experience:

- Visits to leading universities and science museums.
- Insights into robotics, high-speed rail, and sustainability.
- Cultural icons like Mount Fuji, Tokyo Skytree, and historic temples.
- Creative inspiration from anime, manga, and Japanese art.

Our Japan program emphasizes discipline, respect, and cultural immersion. Students also interact with Japanese peers, gaining first-hand experience of global exchange. From the thrill of the Shinkansen to the serenity of traditional shrines, this journey inspires curiosity and broadens horizons.

Our Principles

- Safety First: 24/7 tour leaders, verified accommodation, local presence in Europe & Japan.
- Educational Value: University visits, research exposure, cross-cultural learning.
- Personal Growth: Students return more curious, confident, independent and globally aware.
- Institutional Impact: Schools strengthen their global education profile.

Our Promise

We ensure every student journey is inspiring and academically rewarding. For parents, this means peace of mind. For schools, it is an opportunity to enrich curriculum with transformative experiences.
